

ThirtyTwoBitDSPCoefToDouble

```
graph LR; A[ThirtyTwoBitDSPCoefToDouble] --> B[DSPCoefToDouble]
```

A diagram showing a conversion process. On the left, a gray rectangular box contains the text "ThirtyTwoBitDSPCoefToDouble". A blue arrow points from the right side of this box to the left side of a white rectangular box on the right. The white box contains the text "DSPCoefToDouble". Both boxes have a black border.
