The diagram illustrates a mapping or inheritance relationship. On the left, two white rectangular boxes represent source functions: 'AAX\_IComponentDescriptor::AddProcessProc\_Native' (top) and 'AAX\_CMonolithicParameters::StaticDescribe' (bottom). On the right, a gray rectangular box represents the target function: 'AAX\_IComponentDescriptor::AddProcessProc\_Native'. Two blue arrows point from the source boxes to the target box, indicating that both source functions are associated with or mapped to the target function.
